

# The 3 Kanto Starters

The Kanto region introduced players to the Pokémon world with three iconic starter Pokémon. Each represents a different type and playstyle, making the choice an important one for new trainers.

## Bulbasaur ■

Bulbasaur is a Grass/Poison-type Pokémon known for its balanced stats and strong status moves. The plant bulb on its back grows as it absorbs sunlight. Bulbasaur evolves into Ivysaur and then Venusaur.

## Charmander ■

Charmander is a Fire-type Pokémon that excels in offensive power. The flame on its tail represents its life force. Charmander evolves into Charmeleon and finally Charizard.

## Squirtle ■

Squirtle is a Water-type Pokémon with strong defensive capabilities. It uses its shell for protection and powerful water attacks. Squirtle evolves into Wartortle and then Blastoise.
